

Our Covid-19 Community Level is GREEN

*And it's been at least 8 weeks since vaccines became available
for children ages 6 months – 4 years.*

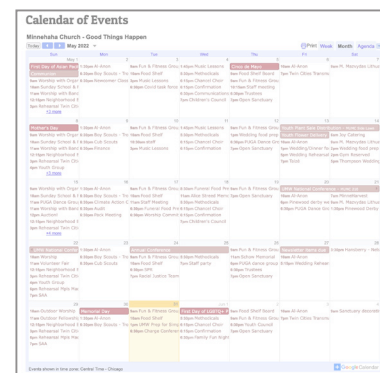

**Our Covid-19 metrics are based
on the current CDC guidelines
and the statistics gathered by
the state of Minnesota.
We use these to guide our
church activities.
GREEN means:**

Masks are optional.

**All programming
happens as
scheduled.**

**Communion is served
with individual
pieces of bread and
individual cups.**
